

*Welcome to the November 2013 (monthly) edition of the coaching column titled ‘...On Line Delivery’ on Henselite’s website.*

The theme of this column is.....

## **Singles Serve - Modified Game**

Two games between two players - about 5 ends per game - provide some variety in your training.

Game One - Each bowler has 2 deliveries, as a minimum every end; however whoever wins the first end can now add another bowl for the next end; if they then lose that end, they forfeit the extra bowl and both players are back to 2 deliveries for one of them to now get the chance to add another bowl by winning this next end; consecutive winning ends means you can add bowls to play with for that new end.

Game Two - Both players have a full set of 4 bowls, however a player only scores by winning the end to secure serve and then to win the next end to score points; losing that end means the other player has the serve and capacity to score on the next new end.
